

March 31, 1983

LB 396, 624

amendment? I can't right off the top of my head and I don't have an explanation with me.

SENATOR HEFNER: Senator Carsten, I don't think we have a committee amendment.

PRESIDENT: There is no committee amendment.

SENATOR CARSTEN: My amendment. My amendment.

SENATOR HEFNER: Oh, your amendment. I don't recall that.

SENATOR CARSTEN: Mr. President, could we pass over this for momentarily until I get the amendment and can give you an explanation. I don't want to give it to you improperly.

PRESIDENT: Without objection we will pass over it but we will note that we have three members requesting permission to speak and I will keep those names on file on this bill. Then we will move to LB 624.

CLERK: LB 624 was offered by Senator Wesely. (Read title.) The bill was read on March 8th, referred to Revenue, advanced to General File. There are committee amendments, Mr. President.

PRESIDENT: Senator Vickers. The committee amendments on LB 624 from the Revenue Committee. Senator Carsten.

SENATOR CARSTEN: Mr. President, I would move for the adoption of the committee amendments, and the committee amendments adopt a set of amendments which harmonizes the bill's language with that of the U. S. Environmental Protection Agency definitions of asbestos containing material. As I understand, this was not in the bill and in order to have any coordination with the federal level at all, this had to be a part of the bill as it was originally drafted. So what it does is just bring the bill into conformity with the Federal Environmental Control Authority. I would move for its adoption.

PRESIDENT: Is there discussion on the committee amendment to LB 624? If not, the motion is to adopt the committee amendment to LB 624. All those in favor vote aye, opposed vote no. The motion is to adopt the Revenue Committee amendment to LB 624. Please record your vote. We need some help on these apparently noncontroversial matters in getting sufficient votes for the adoption of the committee amendment. Could we please have your vote
